Public works report: The light in the parking lot has been placed. We are waiting for the electrician to come back with a sensor for the main line. He will also take a look at our Welcome to Chiloquin sign at that time. We had called four electricians and this is the only one that got back to us. This is Eric's electric and they charge \$70.00 per hour. We have not received a bill from them yet.

Tomorrow they will be placing asphalt in several areas on the City streets.

Discussion.

Rocky Mountain will take all our scrap cement and asphalt.

The construction company that did the Schonchin street project will be out to do a final inspection.

Public works employee Mike Jenkins asked the council to allow them to purchase some cement barricades. They are 2x2x6 and they would use them to make an area for the gravel in the yard. The cost is \$40.00 each. He believes they would need seven.

Discussion.

It was decided to wait until Spring and to purchase more and maybe a picnic table or two.

City recorder report: Teresa reported that tomorrow is City Hall day in K falls. Council member Graham and the recorder are going. Council positions that are on the ballot are officially #2 Carolyn Blackmon and Donna Depoian; #4 Raymond Kirk running unopposed and #6 Kathy Erion unopposed. Council member Jeff Mitchell was unable to get to City hall by the deadline and he may or may not be running as a write in candidate.

Went to a small cities meeting last Thursday. It was in Malin. It was interesting and the recorder feels it was a good meeting. They are usually in the Willamette valley.

The attorney has asked the recorder to ask the council if they want him to pursue filing the papers on the rodeo association. Council stated to go ahead with this.

Council member Graham asked about the bleachers. The recorder explained that she had called Precision engineering and got a quote. This was brought to council several meetings ago. Council had had her write a letter to the association and also make a verbal phone call explaining about getting the inspection and asking if they would pay for half. Jennifer had said she would have to take it to her board. We have heard nothing back.

The mayor and council directed the recorder to go ahead and setup the inspection and let the association know when it is going to be.
